

Séminaire de Géométrie

Université libre de Bruxelles
Département de Mathématique

Contact: Thomas Connor (tconnor@ulb.ac.be)

Selim Rexhep, Serge Lang, a fixed point lemma of Bruhat-Tits and a Theorem of Apollonius

Speaker: Francis Buekenhout, ULB

Date: Thursday 11 December 2014 from 14:00 to 15:00

Room: OF2080, Campus de la Plaine, ULB

This seminar is putting surprising bridges between various subjects and people. It may be attended by students from the BAC 1 on as well as bright younger students.

The talk will be followed with coffee, tea and cookies.
